

SEMCO[®] MODEL 850 MANUAL DISPENSING GUN

Semco model 850 gun is a hand-operated, high quality dispensing gun designed to accept Semco disposable cartridges.

It is excellent for the “in-field” application of sealants, adhesives, and other materials. The ratchet handle is made of metal for tough, durable, long-term use. A threaded retainer provides a tight fit into the ratchet handle, permitting uninterrupted operation. It also allows for the quick and easy replacement of cartridges. Custom size retainers accommodate *Semco* 2.5, 6, 8, 20, and 32 oz disposable cartridges. The retainers are available in metal or plastic.

Features

- Portable
- Requires no air or power supply
- Available in 2.5, 6, 8, 20, and 32 oz sizes
- Lightweight
- Rugged, heavy gauge metal construction
- Easy to operate
- Dispenses a wide range of sealants, adhesives, or other materials
- Handles thick, viscous materials

850 retainers

All *Semco* retainers are designed for use with *Semco* guns, cartridges, and dispensing systems. A bezel is required to attach 20 and 32 oz. cartridges to the *Semco* model 850 gun series. Please contact our technical service department for more information.
